

Rubber Grip GT-5343 Gladhand Grips

- Unique rubberized gladhand grips
- May be used on rubber hose assemblies or aircoils
- Protect hose/tubing during gladhand connection
- Allow gladhand bend restriction during tight turns

Part Number	Description	Replaces Tectran
GT-5343	Flexible grip gladhand grip 1 red and 1 blue	1011FG

GT-5341 - Anodized Gladhand Grips

- Helps prevent air line kinking at the fittings
- One piece design
- No screws or plastic parts
- Easy to install aluminum hex construction
- Class II anodized coating provides greater corrosion-resistance

The unique all hex design allows positive wrench leverage at both ends of handle.
